Sharing the company's outlook, founder of the brand Design Sophie Villepigue sheds light on their couture inspired handcrafted tableware and decor. An excerpt:

Your design philosophy Creating two collections per year, just like fashion. We believe that perfection is the real luxury. Your home is the reflection of who you are and it deserves the most precious accessories

2014 decor trend I think the future is going to be colourful! People express their personalities by mixing, matching and creating a fusion style. While furnishing your home, don't follow a trend but follow your heart
