To uphold our principles, we deem it necessary to maintain and develop our **Integrated Quality, Environmental and Occupational Health and Safety Management System** in compliance with the ISO 9001, ISO 14001, ISO 45001 standards and the EU Regulation 2016/679 concerning Privacy.

This System must be a **guarantee and transparency tool** for our customers and for all stakeholders and it should contribute towards achieving the following goals:

### Designing and manufacturing beautiful, reliable, functional, safe, sustainable and competitively priced furnishings,

which fully satisfy the most diverse customer requirements.

Guaranteeing the observance of product and service **quality standards**.

Making **prompt deliveries** and not missing a single due date.

Continuously improving all company processes.

### Raising awareness among our suppliers and dealers on the topics of quality, ethics and sustainability.

### Improving

internal and external

communication.

### Developing suitable qualification in distribution.

## Satisfying our compliance

**requirements**, whether legal requirements or those the company has voluntarily assumed.

### Checking and reducing the consumption of resources, resorting to renewable resources as much as possible, pursuing the objective of **Net Zero**.

Preventing pollution and, in particular, controlling and reducing emissions and waste.

Eradicating or reducing occupational health and safety risks.

### Progressively abating occupational diseases and

**accidents** affecting workers, including those linked to psychosocial risks.

Consolidating in-house initiatives to

### guarantee equal opportunities and gender equality among all workers and promoting well-being across the board.

Increasing our personnel's level of knowledge, competence and

### awareness through **Constant** training and information activity.

Committing to the

consultation and participation of workers and of their representatives

Correctly managing personal data processed.

# The success of the Integrated System Integrated System of the guaranteed by actively involving the entire company across all levels, to embrace lifelong learning.
